Print this page, fill it in by hand, and keep it somewhere safe. Never share your recovery phrase with anybody, especially strangers offering "technical support". Nobody from CAMO will ever ask for it.

Wallet name

Recovery phrase (25 words)

1		6		11		16		21	
2		7		12		17		22	
3		8		13		18		23	
4		9		14		19		24	
5		10		15		20		25	

These 25 words are your recovery phrase (mnemonic seed). They are the only thing needed to access your funds and restore your CAMO wallet, so no one but you should ever see them. Do not store them digitally (no email, cloud, screenshot, photo or computer file).

Wallet creation date

Wallet restore height

To restore this wallet, open Ghillie, choose "Restore wallet from keys or mnemonic seed", enter these words and the restore height. If you are not sure of the height, use 0: Ghillie then scans the whole chain, which takes longer but finds everything.

Download Ghillie and other CAMO wallets only from camocoin.org.
